CHILDREN'S HOSPITAL AID SOCIETY (CHAS)

CHAS is one of the oldest philanthropic organizations in Alberta - 110 years old. It is made up of 75 volunteer women. We have no paid staff or permanent office and keep our administrative costs to less than three percent. We plan and execute fundraising events throughout the year to raise funds to help improve the health and wellness of children and young adults. CHAS funds programs, services and research projects for the Alberta Children's Hospital and also supports community agencies that are working to positively impact the lives of children. In 2018, we funded a total of \$416,150 to the Alberta Children's Hospital and other agencies in the community, including many camperships.

THE EVENT

The CHAS Charity Golf Classic is CHAS's major fundraising event of the year. On Thursday August 15, 2019, our 37th consecutive annual tournament will take place at Silver Springs Country Club. The tournament is consistently sold out with 144 golfers and dozens of volunteers. The entry fee is \$500 per player and CHAS will ensure that the tournament is first class and memorable. Every year, golfers tell us that the CHAS tournament is the best-organized tournament. CHAS is confident that it is a tournament you will be proud to support.

THE CAUSE

Proceeds of the tournament will go towards a LITT (Laser Interstitial Thermal Therapy) therapy equipment. With this equipment, surgeons will be able to perform a revolutionary procedure on kids and adults with epilepsy to stop seizures. In this life-changing surgery, a laser probe is placed into a deep target within the brain through a millimeter-sized incision. The probe then heats up and destroys the tissue responsible for causing the seizures.

In the past, children required a much more invasive and frightening procedure to achieve the same results. Length of hospital stay and complication rates will be reduced substantially. With these benefits in mind, parents are more likely to consider this surgical option to improve their child's quality of life.

The new LITT therapy equipment will be located at the Foothills Hospital and jointly funded by ACHF and the Calgary Health Trust.

OUR REQUEST

Tournament Supporter
\$10,000 +

Event Supporter
\$5,000 +

Hole Supporter
\$3,000 +

Twosome Supporter
\$1,500 +
